AVIATION IS IN REVERSE—WHY AND WHEREFORE

Despite the millions of words of publicity to the contrary, aviation has been going backwards.

Such has been said of the tremendous growth of our transport planes, develop how pretty the stewardesses are, and the brand of cigarettes the pilots smoke. Yet where are we? It cannot be denied our planes are marvelous of speed, our stewardesses are the prettiest, and the cigarettes pep up the pilots. However, John G. Peltie is much more interested in its well-being and also his pocketbook, than in these facts.

It is awful! Also to step into a plane and be whisked off at a two-hundred-miles-per-hour rate, and consider the facts. In the conventional airplane a speed of two hundred miles an hour or more is accomplished only by sacrificing some more important advantage. For instance, a popular transport plane develops a top speed of about 230 m.p.h. Some time-claiming, but this same craft lands at over 50 m.p.h. Take your car up to 60 m.p.h. and see how soon you can stop it. Then figure what distance a craft weighing five or six times the weight of your car would require to stop at such a speed. It is a simple matter for an experienced pilot to land a fast craft on a well surfaced runway. Very seldom do you hear of accidents on a well organized field. However, when a heavy fog bank lies down, or a bad storm makes it impossible to reach the airport the pilot must set down on a two-by-four emergency field. He then must search for a clearing of some sort to put her down. Of course it is admitted the country could use many more emergency landing fields. If there have ever been in mountainous districts, you will appreciate the difficulties encountered in locating a local spot of sufficient

POLI DU GIRL ("Sky Pilot")

extent to allow one of these streamlined transport planes to set down. Coupled with the small size of these emergency fields is the handicap of poor visibility. They are used mostly when weather or unusual conditions prevent further flight. Imagine driving your car in a pea-soup fog at sixty miles per hour. Despite these handicaps, the accident rate of our transport machines is extremely low. The radio beam and pilots versed in blind flying are doing wonders.

require 800 h.p. to double that speed. Where is the efficiency? The idea that aeroplanes are mechanical devices they develop tremendous speeds is foolish. What method of ground transportation can rival a steady 120 m.p.h. with safety? Coupled with the wasteful practice of cranking and more power into an antiquated design, as the decrease in engine efficiency during the last few years. I have before me the specifications of a new high-speed eight-place transport plane. The top speed is 200 m.p.h. and lands at 60 m.p.h. The total power developed by its twin engines is 740 h.p. The fuel consumption is 40% gallons per hour or 24% gallons per hour per engine of 770 horse-power. The old engine engine produced during the war, and one of the most famous of its kind, developed 410 h.p. with a fuel consumption of 18 gallons per hour. Thus, twenty years after aviation was built with all the hallelujahs as to progress, the modern engine uses half again as much fuel per horse-power. Four percent!

ASPEN RIDGE

Aspen Ridge Pupils Enterprise Work Very Pleasing

ASPEN RIDGE, April 26.—Tuesday, April 26, the pupils of the school, driven out on another excellent entertainment in connection with their enterprise work. Reports of their trip and entertainment were as good as a few turns out this time in spite of the simply awful roads.

In between songs and an extremely funny dialogue, "Awful Boats," the children explained the meaning of their exhibits in connection with their enterprise work. Reports of their trip and entertainment were as good as a few turns out this time in spite of the simply awful roads.

YES, WE HAVE NO ROADS Roads in this district are in a deplorable condition. If something isn't done very soon to fix chuck holes and broken-down culverts, the auto as a means of transportation will have to be abandoned. Roads may be compelled to revert to oxen and lumber wagons, so reminiscent of Edison Trail days.

If our provincial government who have been trying with an illudion for the past eighteen months or so would take time off and pay a little attention to the needs of the people in respect to roads, etc., we would be grateful. Perhaps our M.L.A. will see that part of the large amount of taxes may be levied from the north country since harvest is earmarked for the above mentioned purpose.

SILVER WEDDING ANNIVERSARY Mr. and Mrs. John Metzler celebrated their twenty-fifth silver wedding anniversary at their home on Second Avenue West on the evening of Friday, April 9. There was a goodly company of old friends gathered to help in the celebration. The worthy couple were the recipients of numerous appropriate gifts as tokens of the high esteem in which they are held. CBC RECEIVING STATION TO PICK UP DIRECT FROM LONDON ALL CORONATION BROADCASTS

Engineers Taking Every Precaution To Ensure Uninterrupted Service And Best Possible Reception—Full Coverage Of Ceremonies To Be Made For Canadian Listeners.

OTTAWA, April 30.—Canadian radio is being groomed for participation in what will constitute one of the most important undertakings in the history of the utility—the broadcasting on May 12 of programs in connection with the Coronation of His Majesty, King George VI.—CBC, which will make available to Canadian listeners full coverage of events both prior to and after the ceremonies in Westminster Abbey, and which will present from its own studios and from London, New York special features relative to the Coronation, will open its national network at approximately 4:00 a.m. E.S.T. and will keep it in operation throughout the day.

Every precaution is being taken to ensure uninterrupted service and the best possible reception of overseas broadcasts, although CBC engineers feel reasonably sure that atmospheric conditions will be favorable.

The new short-wave receiving station near Ottawa, which will pick up direct from London all the broadcasts from the United Kingdom, will be used exclusively.

Through CBC Canadians will be able to follow the Coronation ceremonies from the time Their Majesties take their departure from Buckingham Palace to the time they return to appear on a balcony, there to receive the cheers of the loyal subjects in the palace square. The ceremonies will last until 9:30 a.m. E.S.T., and will include word-pictures of the procession as it makes its way through the heart of London to Westminster Abbey, the actual words of the Coronation service itself, and descriptions of the return journey to the palace. The descriptions, which will be made by observers stationed not only along both routes of procession, but also inside the Abbey.

Although times of broadcasts are subject to modification, it is expected that the Empire Homage program, in which the Dominions and some of the colonies will participate, will commence at 1:20 p.m. E.S.T. It will be during this program, the focal point of which will be London, that the Empire will re-express its loyalty to the newly-crowned king. Immediately following the broadcast His Majesty, it is expected, will make his first radio address to his subjects throughout the world.

Lord Tweedsmuir, Governor General of Canada, will be first of a number of distinguished speakers to be heard over the CBC networks during the day. His Excellency will speak briefly at 1:10 p.m. E.S.T. Others to be heard are John Macfield, Post Laureate; Bruce Hutchinson, noted journalist

CBC Broadcasting Activities On Coronation Day

OTTAWA, May 5.—CBC has announced its complete schedule of national network broadcasting activities for Coronation Day, May 12. The times of broadcasts, all of which will be in eastern standard time, are definite and any changes in the program themselves will be minor. The national network will be put into operation at 4 a.m. and will remain in operation without interruption until 11 p.m.

The schedule of program is as follows:

E.S.T.
4:00-4:15 a.m.—Coronation from Peace Tower, Ottawa.
4:15-4:30 a.m.—Coronation, from BBC.
4:30-5:00 a.m.—Their Majesties leave Buckingham Palace.
5:00-7:40 a.m.—The Coronation Service.
7:40-8:15 a.m.—Chief, Marjorie, leave Westminster Abbey.
8:15-9:10 a.m.—The return procession to Constitution Hill.
9:10-9:20 a.m.—Their Majesties return to Buckingham Palace.
9:20-9:30 a.m.—Children's Chorus directed by Arthur Pattison.
9:30-10:00 a.m.—From Fort William.
10:00-11:00 a.m.—Songs of Empire, from Toronto.
11:00-12:00 noon.—Fair Coronation—children's play, from Vancouver.
12:00-12:15 p.m.—Approximately 4:00 a.m.

Fraser, the first of the new fleet of destroyers to enter B.C. waters, from New Westminster.

Chief, Marjorie, leave Westminster Abbey, from Toronto.

Peter Dawson, Australian has-bartone, from BBC.

Board salute of twenty-one guns, from Winnipeg.

Message from His Excellency, Lord Tweedsmuir, Governor General of Canada.

The Empire's Homage.

His Majesty King George VI.

Army and Navy Veterans Band, director, Eugene Hudson, from Winnipeg.

Interpretation of the Coronation Service.

Bruce Hutchinson, comments on the Coronation, from London.

John Macfield, Post Laureate, from London, NBC.

Recited by Perry Robinson, the distinguished Australian pianist, from Montreal.

Poems in Praise—Readings by J. F. Willis, from Halifax.

Dr. Stanley Russell in special address, from Toronto.

Countess Maritza, operetta, from Montreal.

Beverly Baxter in address, from BBC.

London Scenes, musical program, from Halifax.

Magic Baking Powder Program.

Report of Empire Homage, and address by His Majesty the King, from Ottawa.

Canadian Price News, from Winnipeg.

Winnipeg Boys' Choir, from Winnipeg.

Let's All Be Merry (to Western Network only), from Toronto.

Above schedule is in Eastern Standard Time. To get Mountain Standard Time, subtract two hours; for instance, 4:00 a.m. E.S.T. is 2:00 a.m. at Grande Prairie, and those who want to put in a full day should set their alarm clocks for that hour. Listeners who miss the Coronation Service at 3:00 a.m. will have a chance to hear a rebroadcast at 12:30 p.m. Those who miss the Empire's Homage at 1:20 and the King's address at 12:00 noon, will have another opportunity at 7:00 p.m.

Other programs planned by the CBC include "Songs of Empire," to originate in the Toronto studios; "Fraser Coronation," from Vancouver; a concert by the Band of His Majesty's Canadian Grenadier Guards, from Montreal; a boys' choir, from Winnipeg; and a feature to be known as "A Master of the King's Music," from Vancouver.

Our Sincere Thanks!

We wish to express our appreciation to many patrons who, despite the inconvenience caused them by delays in producing orders at General Motors factory, have shown so much patience and friendly goodwill in waiting for delivery of their cars.

We fully anticipate business will again operate normally within two weeks time and are confident that deliveries will be proceeding at the usual pace.

ANCIENT CORONATION CHAIR READY FOR CEREMONIES

Those Canadians who have visited Westminster Abbey will undoubtedly have seen the Coronation Chair, upon which all British monarchs are crowned, but it is doubtful whether they have ever seen it in the position shown above. No longer guarded by railings, the chair is shown as it will stand in the Coronation Twelve of the Abbey ready for use when their Majesties the King and Queen are crowned.

WESTMINSTER ABBEY ADOPTS FESTIVE GARB FOR CORONATION

Since Westminster Abbey was closed for renovation and decoration in connection with the forthcoming Coronation of King George and Queen Elizabeth a veritable army of workmen has moved in. When the men have finished erecting seats to be occupied by all the dignitaries who will attend the Coronation ceremonies in Westminster Abbey the ancient edifice will be completely changed. This picture of the nave, looking east, shows the accommodation where public representative bodies will sit. This picture was taken at the Coronation of George V.

CORONATION REGALIA

Left: The Royal Sceptre with the cross, made for Charles II, although there have been certain later additions. Right: Detail of the Royal Sceptre with the cross. The largest portion of the Star of Africa, or Cullinan Diamond, was added in the reign of Edward VII.

Long May They Reign

We rejoice and with fervent devotion . . . join the peoples of the Empire . . . in their expression of goodwill and good citizenship on the occasion of the coronation of Their Majesties, King George VI and Queen Elizabeth. May their years be many and filled with much happiness . . . and their reign be blessed with peace and goodwill.

Sexsmith Two Stores Grande Prairie

Tom Campbell Is Business Visitor to Grande Prairie

Tom Campbell, president of the Campbell Furniture Company of 250, a member arrived by plane on Wednesday to supervise the completion of the company's new warehouse in Grande Prairie and also to direct the construction of an addition to the local store, which is made necessary to accommodate added stock.

Recently the Campbell Furniture Company celebrated its twenty-first anniversary in business in the Capital City. In commemoration of the occasion a several-story cake was cut. To prove that this was no fiction, Tom distributed a piece to every member of The Tribune staff.

Mr. Campbell will remain in Grande Prairie for about a week and then return to Edmonton.

High-Class Horse Shipped Wembley District Sunday

"Arctic Gold," a registered Kentucky saddle stallion, is another high-class horse shipped into the Grande Prairie district.

The animal was purchased from W. J. Fulkert of Didsbury by Miss C. Harrop of Wembley.

The horse, which is three years old, arrived by truck on Sunday, in charge of L. Moore and C. L. Horton of Didsbury.

JOE MOORE GETS WHIFF OF PRINTERS' INK THEN GOES BACK TO FINISH SEEDING

Joe Moore of the Bear Lake district, who worked at the printing business for many years, dropped into The Tribune office Wednesday and delivered himself as follows:

"I have been seeding this last few days and got a bit tired and cold, so decided to come in and get a whiff of printer's ink and the general atmosphere of a printing office."

The flustered fellow with the old-time familiar voice and then remarked: "Now I am on my way back to the farm and just watch that seed go into the ground! I'll never stop now that I have the required stimulus!"

NOTICE TO RETURNED MEN

Returned men and Legion members are asked to assemble on the Boulevard at 12:30 p.m. and take part in the Coronation parade.

TESAR BROTHERS, SEXSMITH DISTRICT, HAD 900 ACRES SEEDED WEDNESDAY NIGHT

Charles Tesar, of the Sexsmith district, who was a visitor in Grande Prairie on Wednesday evening, informed The Tribune that he and his brothers had just finished seeding 900 acres of land, and it was his opinion that the majority of farmers in the district would be practically all through seeding by the end of the week.

He stated that seeding was rapid this spring on account of so much land being plowed last fall.

TOM WILSON SAYS GREAT PREPARATIONS BEING MADE IN LONDON FOR CORONATION

The Tribune is in receipt of a card from Tom Wilson, who left here some time ago to attend the Coronation at London, England.

"Great preparations going ahead for the Coronation. Certain of a big time being had in London. The city is being decorated to people to celebrate with. Rehearsals on London streets of the event. Cleaning and painting up everywhere. The card was posted from somewhere in the north of Wales."

CONSIDERABLE LAND CHANGING HANDS IN SEXSMITH DISTRICT

Considerable land has been changing hands of late in the Sexsmith district. Mr. Campbell, James Peterson, reports the sale of one of his farms east of Sexsmith to Geo. Scroogery of Smoky Lake.

Tom Newton reports sale of a half section at Tempe Creek to J. Lestonmeyer of Delroy.

Both deals were made by Cliff Goss.

Mr. and Mrs. Hugh Doole of Seaside Heights were among the visitors to Grande Prairie on Thursday.

CAPITOL

"RIO GRANDE RANGER"

Columbia's new outdoor drama, "Rio Grande Ranger," starring Bob Allen, will form part of a four-day feature program at the Capitol Theatre next Monday, Tuesday and Wednesday.

It tells the exciting story of a Ranger who sails forth alone to bring an entire band of desperadoes under the jurisdiction of the Rangers. His Meriwether, lovely newcomer to the screen, is played by the lovely, Paul Sutton, Hal Tennyson, Robert Henry, and others.

"TWO-PISTED GENTLEMAN"

Dynamic pulsating with vivid action and featuring a moving love story against the thrilling background, Columbia's "Two-Pisted Gentleman" shows in a double-feature bill at the Capitol Theatre next Monday, Tuesday and Wednesday.

Jimmy Dunn and attractive June Courtney, a newcomer to the screen, direct the leads in this fast-moving comedy-romance which tells the story of a palooka fighter who rises to the top of his profession under the guidance of his wife only to fall again when he leaves her.
